

A woman with dark hair pulled back, wearing a dark blue blazer over a white and blue striped shirt, stands with her arms crossed in a modern office. She is smiling at the camera. The background features large glass windows and a blurred office interior.

INVESTMENT BANKING COURSE

Program overview

- **Format:** Instructor-led (online / hybrid / in-person options) with live classes, workshops, case studies, and a final capstone deal project.
- **Duration:** 2 months (full-time) or 3-4 months (part-time / weekend).
- **Level:** Beginner → Intermediate → Advanced (no prior IB experience required; basic accounting and Excel recommended).
- **Certificate:** Industry-recognized program certificate on completion, plus résumé & interview kit.

Why take an Investment Banking course?

- **Fastest path to high-impact finance roles.** IB builds rigorous technical skills used in M&A, ECM, DCM, private placements and corporate advisory.
 - **High demand for quantitative & analytical talent.** Companies seek graduates who can model, value and explain deals.
 - **Transferable skills.** Financial modeling, valuation, due diligence, and presentation skills are valuable across PE, VC, corporate development and equity research.
 - **Employer-aligned training.** The course mirrors real bank processes and deliverables, preparing you for interviews, tests, and day-one tasks.
-

Who should enroll?

- Recent graduates (B.Com, BBA, BBA-Finance, B.Tech, MBA Finance) aiming for IB analyst roles.
 - Finance professionals (audit, corporate finance, equity research, consulting) seeking lateral moves to IB.
 - Entrepreneurs and startup founders who want to understand fundraising, valuations and term sheets.
 - Career switchers with quantitative aptitude and willingness to work in deal teams
-

How this course helps you land an IB role and grow to Investment Analyst

- **Work-ready skillset:** Recruiters screen for modeling ability, valuation knowledge and clarity of thought. This program builds those exact competencies.
 - **Recruiter-grade deliverables:** You graduate with polished pitchbooks, a CIM extract and financial models — evidence of practical ability.
 - **Networking & referrals:** Industry guest sessions and hiring drives increase exposure to recruiters.
 - **Placement assistance:** Job alerts, interview scheduling, and recruiter introductions where available.
-

Typical job roles after completion

- Investment Banking Analyst (ECM / M&A / DCM)
- Corporate Finance Analyst / FP&A (large corporates)
- Transaction Advisory / Valuation Analyst
- Private Equity Analyst (junior roles)
- Deal Origination / Business Development (boutique firms)

Evaluation & certification

1

Passing grade requires: 60%+ on combined assignments, midterm and capstone evaluation.

2

Certificate issued with a transcript of module grades and a recruiter-ready portfolio link.

Frequently asked questions (brief)

- **Q: Do I need an MBA?** No — many analysts start with undergrad degrees. MBA helps later for promotion, but technical skills & interviews matter most at entry level.
 - **Q: Are placements guaranteed?** No program can legally guarantee placements; good programs provide active placement support and recruiter engagement.
 - **Q: Will the course be useful for PE/VC?** Yes — valuation, modeling and due diligence skills transfer directly.
